

Goutham Reddy

anugu.gouthamreddy2005@gmail.com | +91 9398625385 | [GitHub](#) | [LinkedIn](#)

EDUCATION

Bachelor of Technology in Computer Science and Engineering

Sreenidhi Institute of Science and Technology

CGPA: 8.87

July 2023 – June 2027

Intermediate (MPC)

Chaitanya Junior College, Hyderabad

Percentage: 98.8

July 2020 – June 2022

PROJECTS

Crop Disease Classifier and Treatment Guider | [GitHub](#)

- Python, scikit-learn, TensorFlow, Keras, Flask, Pandas, Sentence Transformers, RAG, FAISS
- Built a machine learning-driven crop disease classification and advisory system.
- Implemented a Retrieval-Augmented Generation (RAG) pipeline using FAISS and Sentence Transformers for treatment guidance.
- Delivered context-aware disease management recommendations via a Flask-based web interface.

Jobsphere – AI-Powered Job Assistant | [GitHub](#)

- Python, GloVe Embeddings, NLTK, FastAPI, MongoDB, LangChain, Jobble API, Google Search API
- Built an AI-powered career assistant using FastAPI, React, MongoDB, NLTK, GloVe Embeddings, and LangChain to analyze resumes and provide personalized career guidance.
- Analyzed resumes to identify skill gaps and generated role-based match scores using GloVe vector similarity.
- Integrated external APIs including SerpAPI and Jooble to fetch 5–10 live role-specific job openings in real time based on user queries.
- Recommended personalized project ideas and interview questions using NLP-driven skill gap analysis.

Fake News Classifier | [GitHub](#)

- Python, TensorFlow, Keras, NLTK, LSTM, Bidirectional LSTM, GRU, Embeddings, Scikit-learn
- Built a deep learning-based Fake News detection system using LSTM, Bidirectional LSTM, and GRU models for binary text classification.
- Performed text preprocessing (tokenization, padding, vocabulary control) and trained models using embedding representations.
- Achieved 98.8% accuracy through architecture tuning and performance evaluation using precision, recall, and F1-score.

TECHNICAL SKILLS

Programming Languages: C, C++, Python

Libraries & Frameworks: FastAPI, scikit-learn, NumPy, Pandas, Matplotlib, LangChain

Machine Learning: Supervised Learning, Convolutional Neural Networks (CNN), Deep Learning

Natural Language Processing: Bag of Words, TF-IDF, Word2Vec, Transformers

Core CS Concepts: Data Structures & Algorithms, Object-Oriented Programming, DBMS, Computer Networks, Operating System, SQL

Tools: Git, GitHub, VS Code, Google Colab

ACHIEVEMENTS

Knight (Peak Rating: 1920) on LeetCode. Handle: `_Goutham_Reddy`.

3-Star Coder (Peak Rating: 1619) on CodeChef. Handle: `gouthamreddy06`.

Secured 2nd place in BZCL 2.0 Coding Contest.

Secured 33rd rank in Code Sprint 3.0 at Geethanjali College of Engineering.

Secured 2nd place on the performance dashboard in the Smart Interviews DSA Training Program.
